

VT-JBA-BE90

V-TECH Explosion Proof Junction Box

IP66

- Aluminum
- 3*G3/4" interface
- Slight anti-corrosion
- Explosion-proof, anti-corrosion, waterproof

EX Marking

Certification

Markets

	Ex-Level	IIC
	Ingress Protection level	IP66
specifications	Temperature range	-40°C~60°C
	Relative humidity	≤ 95% (+25°C)
	Atmospheric pressure	80kpa~106 kpa
	Thermostat system	Optional
	Supply voltage	DC12V/24V /AC220V
	Suitable averment	Apply to explosive gas and combustibile dust environment
	Material	Aluminum
	External dimensions	100mm*62mm
	Inlet hole specifications	G3/4" X 3, have many other output for option
